All stressed up and No One to Choke! - Stress levels in the Communications Centers can be very high. You will learn how to handle that stress.

Are You Ready for the Big One? - As a telecommunicator are you ready when the big one hits and you are stuck at the console? Whatever the "big one" is someone has to man the console. Are you the one? What about your family? You will learn helpful ideas to prepare yourself and your family for the next "big one".

Are you a Negaholic? - Negativity abounds in Law Enforcement and affects everyone in the Communications Center. How can you overcome negativity? This presentation challenges attendees to look at themselves to see if they are negative. We will take a negativity test to see if we are a Negaholic and offer suggestions to change our old negative ways into something positive!

Actual Active Shooter Situations - Hear from Communications Officials how real life scenarios played out including the 2007 Kansas City Mall shooting and the Von Maur Westroad Mall shootings where nine people were shot in Omaha, NB.
